

De-icing salt

Advantages

- High efficiency
- Ideal grain size range
- Solubility almost 100% due to the high proportion of the thawing substance
- Long-time storage

Field of application

De-icing salt is used as road salt to remove snow and ice from the roads and paths. It is suitable for public and private use.

Product

De-icing salt is an effective mixture of fine and crude salt crystals. Finely crystalline salt contained in the mixture acts immediately after application. Larger salt crystals act more slowly and are effective on thicker layers of ice and snow.

- High content of the thawing substance and solubility almost 100 %
- Ideal grain size range
- Long-time storage

Product quality

The de-icing salt is produced from the rock salt mined in salt mines from deposits formed from Zechstein sea over 200 million years ago. It has a naturally high proportion of sodium chloride (min. 98%). Thanks to the origin and also its almost white color is this de-icing salt known for its quality and high thaw effect. The product complies with the ES and the Czech Republic legal requirements. We permanently guarantee high quality of the product thanks to the continuous quality control.

Service

We offer our customers high quality service guaranteed consistently high product quality and very reliable deliveries thanks to quality and effective logistics. Warehouses with sufficient capacity placed over the Czech Republic and Slovakia also contribute to this.

Parameters of the product

Packaging size: 5 kg PE bags (150 x 5 kg per wooden pallet)
10 kg PE bag (100 x 10 kg per wooden pallet)
25 kg PE bag (40 x 25 kg per wooden pallet)
50 kg PE bag (21 x 50 kg per wooden pallet)
1 000 kg Big-Bag (1 x 1000 kg per wooden pallet)
Bulk
Other delivery forms on request

Others: Grain size of de-icing salt in bulk is in accordance with Regulation no 104/1997 Coll. as amended,
another grain size is available on request.

GTIN:

Product	Packaging size	Type of packaging	Anti-caking agent E535	Grain size	Shelf life (years from production date)
8595005045320	5 kg	PE bag	x	0 – 5 mm	5
8595005045122	10 kg	PE bag	x	0 – 5 mm	5
8595005045153	25 kg	PE bag	x	0 – 5 mm	5
8595005045146	50 kg	PE bag	x	0 – 5 mm	5
8595005045184	1000 kg	Big Bag	x	0 – 5 mm	5
	bulk		x	0 – 5 mm	5

Produced in the manufacturing plant Solné mlýny, Olomouc from the salt delivered from the German company esco-european salt company GmbH & Co.KG.
