

Himalayan table rock salt

Advantages:

- natural pink rock salt
- without any additives
- special grain size

Field of application

Himalayan table rock salt is a food grade salt for private households and for the industrial needs. It is especially suitable for decorating of baked goods and to salt grinders.

Product

Himalayan table rock salt is mined from these untouched natural deposits located in Pakistan. This natural salt contains only natural minerals with no artificial additives.

- Pink rock salt from Pakistani Himalayas
- Natural product without any additives
- Special grain size suitable for salt grinders
- Special grain size suitable for decorating of baked goods
- Constant quality control

Product properties

The product is made from natural rock salt without any additives. It is ideal for salt grinders, seasoning dishes in households and for decoration of baked goods. Himalayan salt can be used also for the preparation of dishes and preservation of food. Perfect grain sizes, pouring properties and pink color are the hallmarks of the Himalayan table rock salt. The product does not contain allergens and GMO.

Product quality

The salt is characterized by naturally pink crystals. The product satisfies legal requirements of ES and Czech Republic. We guarantee consistently high product quality through continual quality checks and seamless traceability.
